Join Pete, Carolyn and Rum Runner Dive shop on one of our favorite dive locations, Bonaire. With over 60 dive sites & 24/7 unlimited shore diving around the island, divers are free to dive when they want, where they want & how they want.

When you are not diving, relax at the oceanfront resort, Buddy Dive, whose full service top-rated dive shop is also home to the infamous drive through tank-fill station. Photo & video enthusiasts will appreciate the onsite photo shop and advise from "The Doc". Bonaire provides the perfect place to practice those skills or for those who simply enjoy observing to be able to spend countless hours underwater on their own schedule hanging with the huge range of aquatic life on the healthy reefs that await below the surface.

Topside, Buddy Dive has everything you need including a great restaurant & bar onsite & two pools. Spacious apartments make a great base for quick meals or enjoying a cocktail on your private balcony or patio. Adventurous spirits will enjoy a wide range of tours available including windsurfing, mangrove kayaking, snorkeling, hiking, & cycling & much more!
